Former USAF Vietnamese linguists who are called Doggers and who are all veterans of the Vietnam War held a 43rd anniversary reunion honoring and remembering the fall of Saigon in 1975. These United States Air Force Security Service technicians operated sophisticated electronic equipment aboard RC-135 aircraft operating out of Kadena Air Base, Okinawa, Japan, as well as at other ground and airborne collection units throughout Vietnam, Thailand and the Philippines intercepting communications of enemy combatant forces during the Vietnam War. The Doggers and the Heritage Chapter of the Freedom Through Vigilance Association (which some Doggers are also members) are members of the EC-47 History Site CPP committee and organized a special program to pay tribute to these Vietnam War veterans and families during the 7-day reunion. They were treated to a buffet meal catered by the Fly Navy Inn, hours of entertainment in the Inn's hospitality suite, a 50th Vietnam War Commemoration (VWC) pinning ceremony, as well as a memorial service at the Key West War Memorial Park. Following opening comments and the excellent video highlighting the VWC, retired Colonel Jimmie Butler, a former Forward Air Controller with over two hundred missions providing close air surveillance along the Ho Chi Minh Trail in Laos and South Vietnam, presented the commemorative lapel pins and other commemoration provided materials. ///See Continuation sheet for more of this report and event photos.///

USAF Doggers – 43rd Annual Fall of Saigon Party

Summary: Continuation

Additionally, five veterans were each presented with the highly coveted “Hanoi Hilton” brick along with a plaque inscribed “This common construction brick was recovered in 1993 from the infamous Hoa Lo prison in North Vietnam, known to U.S. prisoners-of-war as the Hanoi Hilton. This brick relic is symbolic of the service and sacrifice of the millions of American veterans who answered their country’s call to duty during the Vietnam War.” We received excellent support from both the Commemoration and our partner, the EC-47 History Site.
